MOOD: 🤦 my role has been usurped!

Or one of my coworkers will either turn State's evidence on another, or cop to it(Pun intended) his or her own self.

Or I will hire an investigative reporter to ferret out the criminal, so they can be... thanked.

Who left the amazing chocolate raspberry cake on my desk this morning?

Which one of you guys was baking during the *hurricane*? That's my gig!

(I know the pie was Wabbit. I noticed the flour in the kitchen this morning.)

### Yum.

Apples, maple syrup, and cheddar and goat

### Behold the power of NOM.

I love the fact that the stand mixer makes deciding to throw together cinnamon rolls to rise

### In case of emergency break

eggs

Biscuits are best eaten fresh. And by "fresh," I mean, grabbed off the baking sheet when the oven

It was on my desk when I got in this morning. And I was the first one here.

And the weirdest thing is that it looks like somebody baked it in the staff kitchen Down The Hall, because there's leftover cake flour and Chambord stuck in one of the cabinets.

Happy Birthday! Sounds like you all made it through alright. As did all my other friends (internet and otherwise), even the ones in New York! Yay!

Plenty of cause for celebration!

Chocolate raspberry cake sounds awesome!

I mean, trapped inside, what else are you going to do? (Man, if I hadn't been away from home, I'd have baked up a *storm*. No, uh, pun intended.)

Happy Birthday, dude! Did you catch Corin Tucker when she played DC? The last person I can think of who came out of a band and released such phenomenal solo work was Bob Mould.
